### STATEMENT OF PURPOSE

Created Nov 10

Health & Social Care Act 2008

Version 1.1 (Dec 11)

Date of next review: 1<sup>st</sup> December 2012

#### Introduction

“Beehive Healthcare Solutions” is a trading name for “Beehive Solutions Ltd”. Beehive Solutions is a SME with aims to provide the best quality service to all our stake holders; be they clients, service users, suppliers or members of the public; and to ensure the highest levels of care for our referred patients (service users).

The Company Directors are responsible for all aspects of the company business including:

- Clinical governance,
- finance,
- human resources,
- education and training,
- information technology,
- performance information and
- communications.

Our vision is defined as “Serving, Caring, Healing” with the aims:

- To strive for clinical excellence within a safe and robust clinical governance framework
- To provide the best possible patient experience
- To work with our client GPs, Primary Care and Secondary Care providers to improve the healthcare of the public we serve where ever our interaction permits.
- To be a healthcare employer of choice such that we recruit, retain and develop high quality staff.

The values that guide the organisation are:

- Putting the patient at the centre of all we do by showing:
  - Compassion
  - Dignity and respect
  - Honesty and Integrity
  - Fairness to all
- Valuing and empowering staff by
  - Promoting staff development.
  - Promoting knowledge and skills
- Improving the quality of care and diagnosis

### Regulated Activity

Beehive Solutions has registered a regulated activity with the Care Quality Commission, and the individual statement relating to this activity is detailed below.

The Care Quality Commission's 'outcomes' have been reviewed for each specialty within the regulated activity for each of the locations we provide services (locations detailed on following page):

#### 1. Diagnostic or Screening Procedures

- Ultrasound Imaging.

Provision of Ultrasound diagnosis and screening services, using equipment maintained by the client and / or equipment maintained by Beehive Solutions

The Beehive Solutions Management Team work closely with the Client Management Team to support the delivery of excellent clinical services to the service user on behalf of the Client.

Our role is to provide Ultrasound Imaging Services, on behalf of the client and at locations provided by the client, for both elective and emergency patients.

This may involve input; before (advice and appointment selection), during (Ultrasound imaging diagnosis and Reporting) and after an episode (Clarification of report and patient status).

As part of its function, and being responsible for the quality of the Ultrasound services it supplies, Beehive Solutions also has input on to the examination protocols and department procedures in place.

As a primary provider of clinical Ultrasound services, Beehive Solutions has a key role in expanding Ultrasound capacity to enable the Client to realise its business strategy and continue to deliver a high quality service to patients.

The service is provided to the whole population:
